

EPIC FLOWERS

we build awesome online stores for the future

White Paper: FuneralNet Partnership White Paper

You're great at what you do and we're great at eCommerce, let's partner up.

How it works:

On your clients' websites, a link is added that says buy flowers. This link goes to one of our eCommerce websites which are known for high conversions and a higher per average order because they're conversion optimized to eCommerce best practices.

There are three ways for you to get paid:

- 1.** Your funeral home clients choose a local preferred florist they want to work directly with. We create, maintain and service the co-op eCommerce website. The florist pays us the monthly cost and we send you 20% each month.
- 2.** Give your funeral home more control: You pay for our services at wholesale price and charge your funeral home what you would like. Funeral homes can even manage their own website and send to their preferred florist.
- 3.** Send us a referral and we'll send you 20% of the monthly income.

Or, we can create a hybrid partnership that works best for your company, just let us know what works best for your company.
